

# Keep control on your high pressure air consumption

## High pressure air flowmeter

### VALUE AND BENEFITS

- You can control in real-time high-pressure air consumption for the equipment.

Value: Cost optimisation  
Equipment: blowers Matrix  
Catalogue code: 2013

### DESCRIPTION

- The system have the following elements
  - high-pressure flow meter for measuring instantaneous consumption above 1000 m<sup>3</sup>/h
  - dedicated screen implementation on PCC.
