

Magazine with belts

Complete replacement of the band magazine by a system with belts.

Applicability

Case packers WB, BB, BC, SB

*Subject to detailed feasibility study for your own equipment
Contact your Service Account Manager for additional info*

BEFORE

No contractual picture

Technical description

- Replace the smooth band by a system with belts.
- Possible length: 1,200 to 1,500mm.
- Easier loading (lower level).
- More reliable blank infeed.

Your advantages

Productivity

- Increased accuracy at case extraction (position of captors and regulation of blank movement through belts enable extract of each case one by one).

Ergonomics

- Easier magazine loading and emptying
- Optimized changeover time.

Reliability

- Reduced maintenance costs.

AFTER

Our guarantees

Spare parts covered by a warranty period of 12 months
Preservation of machine integrity
Certainty of ongoing OEM (Original Equipment Manufacturer) support
Compliance with applicable standards
Efficient after-sales service, spare parts, technical assistance
Installation by skilled technicians
Quality criteria acceptance

Conversion/delivery time & misc

Installation technical level: T2
Equipment downtime: 2 days / 1 person
Delivery lead-time: 6 weeks
Training included
