

# Nordson ProBlueFlex®

## ... Installation of the new generation of glue generator ...

### VALUE AND BENEFITS

#### Ergonomics / Safety

- Avoids the risk of burns.
- Simple user interface, relayed on the HMI
- Facilitated training

#### Savings

- Decreases energy consumption 25%
- ATS system (accurate adhesive removal measurement)

#### Productivity

- Reduction of consumable quantities 30%
- Increases the flexibility of the work environment

### DESCRIPTION

- Quick system start-up
- Easy assembly and integration
- Built-in autofill
- Extensive connectivity options
  - Multiple remote I/O options
  - Integrated Industrial Ethernet Options (IP Ethernet and Profinet)
  - Remote touch screen
  - Continuous Improvement incorporated
- Easy upgrades
- Managing equipment settings
- Backup and analyze event history
- Enables equipment support and remote maintenance
- State-of-the-art machine reporting and analytics

#### Configurable

– The right equipment for the right application

#### Evolutionary

– on the following sites required

#### Connectivity

– IoT with Bbconn control platform  
**Integration** feature set designed for complete mechanical and controls parent machine integration

Value: Ergonomics / Safety

Equipment: ... AI Packing machine equipped with glue generator

Catalogue code: ...CLC-057
