

OverWrapping

Switching to nested packs

Applicability

All GEBO CERMEX shrink-wrappers & other brands.
Higher benefits on large collations.

*Subject to detailed feasibility study for your own equipment
Contact your Service Account Manager for additional info*

Your advantages

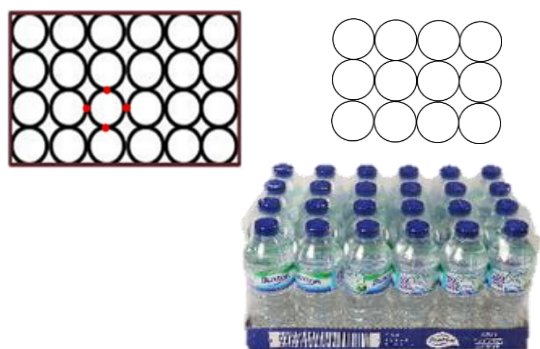

Sustainability

- Remove of tray or pad. Film quantity per pack is also reduced (5-15%)
- Usually more packs / layer => better filling of pallet (up to 20%) => less trucks

Productivity / Quality

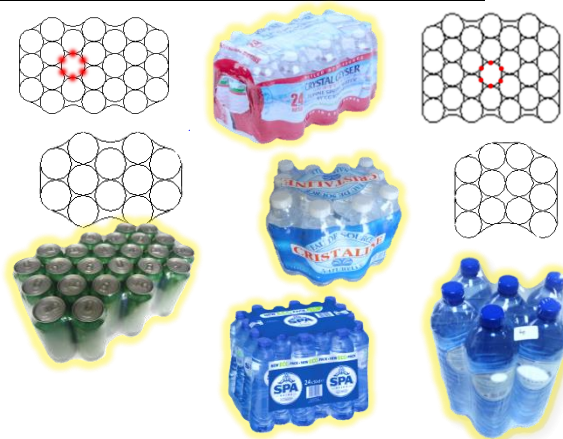

- Increased line's performances (remove of board & easier adjustments of packer)
- Stronger packs and more stable pallets
- Existing formats remain easy to produce
- Usual ROI is 1 to 6 months. Typical x24 tray + film to nested => 500 K€ savings / year

BEFORE
