

# Increase machine efficiency and reduce maintenance cost

## New gripper on Selecta valve

### VALUE AND BENEFITS

- Increase filler reliability
- Reduce maintenance costs – time savings
- Improve bottle stability
- Reduce filling valve seal wear

### DESCRIPTION

- The gripper thickness is increased from 3 to 5 mm
- New design of the gripping zone
- New design of plastic bushes

Value: Efficiency, Cost optimization  
Equipment: Fillers Selecta RFD  
Catalogue code: SF033
